Designed For Seaside

Nature is beautiful - but it can also be rough. Crashing waves, wind, salt and especially sand can be a challenge for your home and your outdoor lighting.

For Nordlux, this beautiful but harsh nature and weather is part of everyday life. We therefore strive to produce lamps created from natural materials which are also resistant and durable, year after year, in relentless weather and nature.

Nordlux offers a **15-year guarantee** on all outdoor lamps in galvanized steel, corten, copper and brass. This guarantee applies to extensive corrosion in the form of holes in the metal caused by rust.

We are also proud to offer an extensive range of painted outdoor lighting in our unique "Designed for Seaside" coating, which has an unprecedented **10-year guarantee** on surface deterioration.

10-year guarantee

We are proud to offer an extensive range of outdoor lighting in our unique "Designed for Seaside" coating, which has an unprecedented 10-year guarantee on surface deterioration.

Find some of our most popular models and our latest designs in a colour that suits your home.

The guarantee covers significant deterioration of a light's surface over time.
